

## Alva and Lennart Dahlmark research grants

We announce the opportunity for young researchers employed at the Department of Astronomy, Stockholm University, to apply for research grants for the year 2014.

Deadline for application: **2014 June 27**

### Background

Thanks to a generous donation by Alva and Lennart Dahlmark in 2012 the Department of Astronomy has created a foundation with the aim to encourage and be support research activities at the Department. For the year 2014 we anticipate awarding research grants for a total of up to 90 kkr, divided into 5-10 grants.

### Who can apply?

For 2014, we welcome applications from PhD-students and postdocs (no more than 5 years from PhD at application deadline) employed by the Department of Astronomy at Stockholm University.

### For what to apply

The research grants can for exampe be used to cover travel costs to conferences, research-oriented summer/winter schools, equipment, instruments, and software - or other things that will contribute to further your research.

### How to apply

Send a PDF document to [dahlmarks\\_fond@mondo.su.se](mailto:dahlmarks_fond@mondo.su.se) containing the following information:

- 1) Your name
- 2) How much you apply for
- 3) A short description motivating the proposed activities
- 4) How you are going to spend the funds (i.e. your budget), if awarded

At most 2 pages (A4) total, minimum 12pt font.

### Evaluation

The evaluation of all applications sent in before the deadline will be made by the evaluation committee, which consists of Jesper Sollerman (chair), Garrelt Mellema (secretary), and Alexis Brandeker. The results of the evaluation will be announced before August 15. The grants should be used in the period 15/8 2014 to 15/8 2015.
