INFORMATION – Participants
Please read this document carefully

Dear Mattias Ergon,

Please find below **finalized information** about your accommodation and the schedule of the

660. WE-Heraeus-Seminar on “Supernovae - From Simulations to Observations and Nucleosynthetic Fingerprints” / January 21 - 24, 2018 at the Physikzentrum Bad Honnef (Germany)

The **final seminar schedule** is available soon from the seminar website <http://weh660.h-its.org/>.

Conference venue:

The address of the [Physikzentrum Bad Honnef](#) is
Hauptstrasse 5, 53604 Bad Honnef, Germany

Phone during office hours: +49 (0) 2224 9010-113 or -117

Phone during the conference: +49 (0) 2224 9010-120

Travel hints:

Below you will find a detailed city map of Bad Honnef, showing the location of the Physikzentrum. Special railway fares for travelling within Germany to Bad Honnef are available [here](#). If no taxi is available at the railway station in Bad Honnef or Rhondorf please dial +49 (0) 2224 2222 to order one.

Accommodation:

We have booked you a single room **from Sunday, 21.01.2018 (your arrival) to Wednesday, 24.01.2018 (your departure)**. Rooms are available from 08:00 h onward for arrival at the weekend, otherwise from 12:00 h onward. **Please notify us immediately if you had to change your travel plans.**

You are housed either in the historical main building or in the new guest house within the park area of the Physikzentrum.

Check-in:

To enter the Physikzentrum please use the **main entrance to the historical building** and type the door code

(Key symbol) 2 6 6 0 #

Please press:

- 1) Key symbol button
- 2) (Numbers) 2 6 6 0
- 3) Hash button #

into the keypad on the right hand side. This code is valid for all outer doors and for the gate to the parking area at "Messbeuel" street during the entire seminar. If a failure occurs, please try again.

Check-in will be possible on Sunday from 17:00 h – 21:00 h and on Monday morning at the reception office next to the main entrance, staffed by Mrs. Jutta Lang (WE-Heraeus Foundation).

If you arrive outside the check-in times you will find your name and room number on a list in the entrance hall. The keys **for all rooms** are on the key holder. Rooms in the guest house are marked with a "G" in front of the room number. Please follow the instructions in the display for the transponder keys. They fit your room as well as all outer doors, the gate to the parking area at "Messbeuel" street and the underground garage. Please also contact the local organizer (Bernhard Mueller, mobile +49 170 5433 168) in Bad Honnef.

Information concerning poster contributions:

Please bring along to the seminar a finished poster. There is no possibility for a print out at the venue. The maximum poster size is 100 cm wide x 150 cm high (dimensions should correspond to the portrait DIN A0 format).

Together with the scientific organizer, we are looking forward to welcoming you in Bad Honnef. We wish you an exciting time and a pleasant stay at the Physikzentrum.

Sincerely yours,

Dr. Stefan Jorda
Managing Director
Wilhelm and Else Heraeus Foundation
